

S-FLT series
Intrinsic Safety Signal
Surge Protective Devices

- Introduction
 - IEC 60079-11/GB 3836.4; IEC 61643-21/GB/T 18802.21
 - IEC 62305-1~IEC 62305-5; IEC 61508-1~IEC 61508-7

- Model description

- Features
 - Width of 12.4 mm, plug in gold plating;
 - Multiple protection circuit, strong resistance to surge;
 - Electric plugging, continuous line, easy maintenance;
 - A variety of models to meet different requirements.

Nanjing New Power Electric Co., Ltd.
